

Help Out on State Natural Areas

Chiwaukee Prairie Workday

The prairie is blooming, come restore Chiwaukee Prairie SNA. Help Chiwaukee Prairie Preservation Fund volunteers during our third Saturday workdays and enjoy the beauty of this rich prairie in the process. We will scout for and remove a variety of invasives (Dames rocket, meadow hawkweed, sweet clovers, swallow-wort, thistles) which threaten to displace native plants. We will remove these using a variety of techniques including herbicides, shovels, and our hands. Bring a bag lunch to eat afterwards. No skills needed you will be trained onsite.

Date: June 16

Time: 10am-1pm

Directions: Meet at 121st St and 2nd Ave unless indicated differently at chiwaukee.org.

What to wear: Dress for the weather, bring work gloves, and protective eyewear.

Contact, cancellation and RSVP info: If you have questions, email cppf@chiwaukee.org or call 262-658-8336.

Next workday: July 15 – Sweet clovers, swallow-wort, thistles, loosestrife and other weeds.
